SUBJECT: Certain NIS Sections

1. In pursuance of our discussion yesterday on the above subject, I am transmitting the proposed new paragraph 2 for IAC-D-45/12 with which you indicated your agreement and which now includes language (in the bracket) to take into account the point raised by you in that discussion.

2. It is my understanding that it is your plan to consult informally with the military agencies in connection with other liaison matters and thereupon to request the IAC machinery to conclude on this matter.
